Innovative BSIT student and Full-Stack Developer passionate about leveraging AI-assisted development to build high-performance web applications. Proven track record of managing technical projects, including a full-stack Auto Parts Inventory System and active IT Support internship experience at STI College Carmona. Seeking an entry-level role to apply technical problem-solving and modern development skills.

TECHNICAL SKILLS

- **Programming & Web:** Java, PHP, HTML, CSS, JavaScript
 - **Frameworks & Libraries:** React, Node.js
 - **Databases:** MySQL
 - **Operating Systems & Tools:** Figma, Adobe Photoshop , MS Office Suite
 - **Other:** Git/Github(Version Control), AI-Assisted Development, Good typing speed and technical documentation
-

PROFESSIONAL EXPERIENCE

IT Support Intern | STI College Carmona | February 20, 2026 – Present

- Assisting the MIS Specialist and IT Support team with daily technical operations and hardware troubleshooting.
 - Performing routine maintenance and software updates on campus computer laboratory units.
 - Providing frontline technical assistance to students and faculty regarding network connectivity and system access.
 - Collaborating with the Student Affairs Office to manage digital records and administrative technical needs.
-

TECHNICAL PROJECTS

Clinic Appointment System

- Digitized the patient scheduling process, significantly reducing paperwork and preventing appointment conflicts.
- Designed a user-friendly interface using React JS, Bootstrap and Vanilla CSS and integrated it with MySQL for reliable patient record storage.

Auto Parts Inventory System (Thesis Project)

- Developed a full-stack web application for inventory tracking using React,

Node.js, and MySQL.

- Designed a secure database schema to manage stock levels and transaction history.
- Managed local deployment and backend API integration.

Pet Adoption Website (Frontend)

- Developed a responsive frontend interface for browsing adoptable pets using HTML and CSS.
 - Designed a user-friendly layout to showcase pet details and facilitate adoption inquiries
-
